

HAS YOUR DOLPHIN SYSTEM FAILED AND YOU CAN'T GET IT FIXED?

FLOWMARK HAS THE ANSWER

Many Clearwater Dolphin Pulsed Power Water Treatment systems have provided years of reliable water treatment but now are beginning to fail. The company is no longer in business and no one is providing repair services. FlowMark has specifically designed a convenient retrofit package that will get you back up and running at a small fraction of the original purchase price.

- ⇒ Provides Even Better Results than Dolphin.
- ⇒ Costs a Small Fraction of the original purchase price.
- ⇒ Installs easily without shutting down your cooling water system.
- ⇒ Manufacturer in business 44 Years providing reliable products and services.

Remove the Dolphin Controller and replace it with the FlowMark Controller

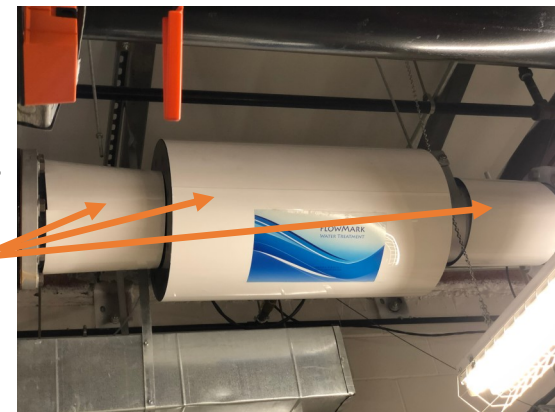

Original Dolphin installed on 10" Pipe

Install 2 sets of FlowMark Web Induction Pads on the ends of the Dolphin Reaction Chamber and connect them to the controller

Install one large label cover and two smaller treatment pad covers.

Turn ON and You're Done
